| <p>Description of Project:</p> <p>WV's and OFDA comprehensive emergency nutrition intervention targeted the two Sindh districts in direst need of response: Sukkur and Khairpur. During the flood crisis, concentrated efforts prioritized the delivery of emergency child nutrition assistance programs Thus, to improve community resilience. WV facilitated community mobilization for optimal infant and child feeding while screening and training community based health volunteers. Community knowledge about nutrition issues and the prevention of childhood diseases improved through simple and practical measures delivered locally. Communities identified underlying challenges and tailor locally appropriate solutions for enhanced child nutrition.</p> | |
