

Assignment Name: Institutional structure and management of Technical and Vocational Education and Training (TVET)	Country: Pakistan
Location within country: Nationwide	Total No. of staff-months of the assignment: 4 Months
Name of Client: GFA Consulting Group	No. of professional staff-months: 4
Start date (month/year): 01/07/2012	Completion date (month/year): 01/09/2012
Senior professional staff and functions performed: Mir Hussam-ud-Din Quasmi, TVET Policy Paper Expert Muneer Ahmed, TVET Policy Paper Expert	
Description of Project: Project aims at improving the institutional structure and management of Technical and Vocational Education and Training (TVET). Due to the new political situation based on the 18th amendment to the constitution, this aim can only be achieved through a cooperative approach with the involved actors at provincial level and the social partners on the whole. NAVTTC should be enabled to take over the conceptual leadership in important areas of TVET and to contribute to the creation of efficient, market-oriented and recognized technical and vocational training and education. Especially TEVTAs and other important stakeholders should see the NAVTTC as forum for discussion and cooperation where national rules and solutions can be found across provinces.	
Description of actual services provided by your staff within the assignment: WiC is working out: - A TVET policy draft which obliges the agencies involved in the TVET system to act in a coordinated and targeted manner. Discussions with social partners and decision makers, conclusion of a political document on TVET in companies.
